 - Paved/Maintenance Road
- PROPOSED USE**
- Walking
 - Horseback Riding
 - Bicycling
 - Mountain Biking

Produced by Midpeninsula Regional Open Space District, December 2006

This map conceptually describes potential alternative scenarios for the future of Bear Creek Redwoods Open Space Preserve. It is not intended as a commitment or approval to implement any specific potential Alternative, but as a tool for ongoing discussions as the District proceeds with the Master Plan project. This map is for planning purposes only. It is not intended as a guide to public lands, trails, or facilities. See individual preserve or park maps and brochures for existing access information. Trail and facility locations are conceptual; all potential trails and facilities are not accessible to the public.
