Midpeninsula Regional Open

Space District is developing a comprehensive plan for the 1,432-acre **Bear Creek Redwoods**

Open Space Preserve. The Preserve Plan picks up where the Draft Sierra Azul/Bear Creek Redwoods Master Plan left off, and will potentially include nearly twenty miles of trails and other visitor facilities, cultural resource protection and interpretation, an equestrian stables and trail riding opportunities, and ecological restoration actions. We are seeking creativity from throughout the community to help shape this Plan.
