Open Space District

R-17-53
Meeting No. 17-09
April 12, 2017

AGENDA ITEM 3

AGENDA ITEM

Report from the Bond Oversight Committee to the Board of Directors for the review period from May 11, 2014 to June 30, 2016

COMMITTEE RECOMMENDATION

The Bond Oversight Committee recommends that the Board of Directors accepts this report.

SUMMARY

In the opinion of the Bond Oversight Committee (BOC), the Schedule of Program Expenditures as presented in the Measure AA Bond Annual Accountability Report covering the period from May 11, 2014 to June 30, 2016 fairly represents and is in accordance with the Measure AA Expenditure Plan. This opinion is based on documentation and supporting information provided by the District and District's independent external auditor.

District staff compiled a report for BOC review covering the initial period from May 11, 2014 to June 30, 2016. The BOC met four times to organize and orient, establish Agreed-Upon Procedures, review sample transactions, and develop the report to the Board of Directors on the BOC's findings and recommendations.

In order to streamline the review process for future annual reviews, the BOC asked that staff include additional documentation in the following areas: Board approval of the purchase price for land/easement acquisition (new process in place as of July 1, 2016 addresses this request); staff labor charged back to Measure AA; proof of final payment of retention amounts due undervendor contracts; and reconciling invoices to Portfolio Project accomplishments. Specifically, with respect to staff labor charged back to Measure AA, the BOC voiced concern over the annual reimbursement for internal labor and the fact that the project managers are only able to review these internal labor charges once a year. District staff agreed that the frequency should shift to a quarterly reimbursement process.

In conclusion, the BOC would like to acknowledge the professionalism and responsiveness of District staff in supporting the work of the Committee.

DISCUSSION

The BOC was established by Measure AA and its members are appointed by the Board of Directors. The work of the Committee is a component of implementing Measure AA.

The BOC has the following three responsibilities for each of the years the Measure AA general obligation tax is collected or revenues expended:

1. Review Plan expenditures on an annual basis to verify conformity with the Expenditure Plan.
2. Review the District's Annual Audit and Annual Accountability Report and present the Committee's findings to the Board at a public meeting.
3. Review any proposed amendments to the Expenditure Plan.

Committee Formation

The Measure AA ballot included a section to establish the Bond Oversight Committee:

“An independent Citizen Oversight Committee will be formed to verify expenditures of bond proceeds. The independent citizen oversight committee, consisting of seven at-large members, all of whom shall be District residents. The Citizen Oversight Committee will be selected by the Board of Directors and interviewed and approved in open session, and will be subject to the conflict of interest constraints of the California Political Reform Act.” (NOTE: the independent Citizen Oversight Committee was established as the Bond Oversight Committee.)

As an integral part of the implementation of Measure AA, the Board of Directors adopted, as part of the Board Policy Manual, the Measure AA Oversight Committee Bylaws, Policy 1.10 with the stated purpose:

The Measure AA Bond Oversight Committee (Committee) [BOC] is appointed by the Board of Directors (Board) for the Midpeninsula Regional Open Space District (District) in order to promote transparency, and ensure oversight and accountability for all funds collected and allocated under Measure AA.

Committee Membership and Composition

In 2016, applications were received from citizens residing in the District interested in serving on the BOC. The Board reviewed the applications and after interviewing the top candidates, appointed the members of the BOC:

Paul Betlem (term expiring 2020)
 Carla Dorow (term expiring 2018)
 Elizabeth Eischen (term expiring 2018)
 Denise Gilbert (term expiring 2018)
 John Melton (term expiring 2020)
 Tom Scannell (term expiring 2020)
 Jo Zientek (term expiring 2020)

At their orientation meeting on November 29th, 2016, the BOC voted to selected Paul Betlem as Chair and Carla Dorow as Vice-Chair.

Prior to the meeting on January 17th, 2017, John Melton resigned. At the regular Board meeting on January 25th, the Board of Directors appointed Bruce Tolley to fill the vacated seat with a term expiring in 2020.

Committee Activities

January 17, 2016 meeting

Staff presented the Annual Accountability Report for the review period from May 11, 2014 to June 30, 2016 (see attachment 2). The structure of the report was reviewed and explained in the following chapters:

- Executive Summary
- Priority Portfolio Actions by Region (from Measure AA Expenditure Plan)
- Portfolio Expenditure Summary (Numerically by Portfolio Number)
- Financial Report from New World ERP by Project

January 31, 2017 meeting

At this meeting, the Annual Accountability Report was discussed and questions from BOC members were answered by staff. The District's external auditor, Sheldon Chavan from Chavan & Associates, provided a walk-through of the scope of the external audit regarding compliance of the Measure AA expenditures and explained that approximately 70% of the Measure AA expenditures were tested as part of the audit. The BOC approved the staff recommended Agreed-Upon Procedures to request the following samples:

- 5 Expenditures related to land purchases
- 10 non-land expenditures with the highest dollar values
- 5 assorted project expenditures not previously tested in prior BOC reviews

From the list of transactions, as provided by staff, the BOC selected the transactions on which supporting documentation will be provided. The samples selected of the land purchase expenditures cover 58.4% of the total Measure AA expenditures to date and the samples selected of the non-land expenditures cover 7.1%, for a combined sample coverage of 65.5% of the expenditures.

Staff also agreed to provide documentation on three journal entries that BOC members requested, in addition to the agreed upon sampling size.

February 21, 2017 meeting

The BOC reviewed and discussed the supporting documentation for the selected transactions. Staff provided additional information in response to the questions previously submitted by BOC members. All questions and prepared responses are included in the record.

The BOC requested more detailed information and support regarding the labor reimbursement charges for the sample selected for review. District staff explained that the current process is to reimburse the internal labor expenses once per fiscal year, and that the timecards are signed by the Area Superintendent and the Operations Manager for each pay-period as the year progresses. The BOC voiced concern over the frequency of the reimbursement and the fact that the project manager will only be able to review these internal labor charges once a year.

District staff understands the BOC's concern and agrees that the frequency should be increased, improving the visibility of the charges for the project managers. For the current fiscal year ending June 30, 2017, staff is preparing a six-month reimbursement (July-December), after

which staff will start with a quarterly reimbursement processing. Meanwhile, staff is also exploring options to embed this information/process in the time-keeping system, effectively booking the reimbursement for internal labor to each project on a bi-weekly basis.

March 14, 2017 meeting

The BOC finalized its report to the Board of Directors, and previewed portfolio progress during Fiscal Year 2016-17 and beyond.

FISCAL IMPACT

No fiscal impact.

PUBLIC NOTICE

Public notice was provided as required by the Brown Act.

CEQA COMPLIANCE

This item is not a project subject to the California Environmental Quality Act.

NEXT STEPS

After the Annual Audit and Annual Accountability Report for the Fiscal Year 2016-17 are completed, the BOC will reconvene to review the transactions during that fiscal year and report their findings and/or recommendations to the Board of Directors in 2018.
