

Midpeninsula Regional  
Open Space District

# Memorandum

DATE: July 14, 2021  
MEMO TO: MROSD Board of Directors  
THROUGH: Ana M. Ruiz, General Manager   
FROM: Joshua Hugg, Governmental Affairs Specialist  
SUBJECT: State and Federal Legislative Update

---

## SUMMARY

Periodically, the Midpeninsula Regional Open Space District's (District) Board of Directors (Board) receives State of California legislative session briefings regarding recent legislative developments. District staff and the legislative consultants, Environment and Energy Consultants (EEC) and Public Policy Advocates (PPA), last provided a legislative update to the Board on October 24, 2020, after the conclusion of the 2020 legislative session. Since then, the State has reconvened for the 2021 session and signed into law the \$262 billion fiscal year 2021-22 budget ([www.ebudget.ca.gov](http://www.ebudget.ca.gov)). With the addition of The Ferguson Group (TFG) as a federal legislative consultant, the District is also increasing its visibility of and advocacy around federal processes and legislative opportunities.

District staff and the legislative consultants also continue to utilize the Board-approved 2021 Legislative Program to communicate District positions on bills, budget recommendations, and other legislative items to the respective authors and/or legislative committees as appropriate. In addition, staff fields time-sensitive requests from partners, and monitors evolving pieces of legislation in accordance with Board Policy 1.11. Please refer to Attachment 1 for a summary status of priority bills as of June 15, 2021 and the *Discussion* section below for more details.

## DISCUSSION

The remainder of this memo provides updates from EEC, PPA, and The Ferguson Group on key legislative items of District interest as of **June 30, 2021**.

### State of California Upcoming Legislative Calendar

June 4 marked the deadline for bills to pass out of their house of origin and into the second house. Legislators were ordered to only move 12 bills each to avoid overwhelming legislative and committee staff, many of whom are still working from home. The State Legislature will begin its month-long legislative recess beginning July 16. Key deadlines are as follows (see Attachment 2 for full calendar):

July 16 – August 16	Summer recess (following passage of budget bill)
August 27	Last day for fiscal committees to meet and report bills
September 3	Last day to amend bills on the floor

September 10	Last day for each house to pass bills, except bills that take effect immediately or bills in Extraordinary Session. Final recess begins upon adjournment.
October 10	Last day for Governor to sign or veto bills passed by the legislature before September 1.
January 3, 2022	Reconvening of the 2021-22 regular session

The federal calendar is included in Attachment 3 and outlines the federal legislative session workplan, which ends September 30, 2021.

### **Updates from Environment and Energy Consulting (EEC):**

#### ***California Budget:***

The Legislature passed AB 128, the Fiscal Year 2021-22 budget bill, on June 15 and it is awaiting the Governor's signature. The budget builds on priorities put forward in the Assembly's "A Budget of Opportunity" blueprint, the Senate's "Build Back Boldly" plan, and the Governor's May Revision.

On June 25, the Legislature released their "Budget Bill Juniors," AB 129 and SB 129 (identical bills in each house). These bills make changes to the already released budget bill that is sitting on the Governor's desk awaiting signature. All told, the main budget bill and Budget Bill Junior reflect a total spending plan of \$262.6 billion

Here is a summary of priorities for the District that are included in the State budget:

- \$8 million for Cloverdale Ranch.
- \$2 million to complete the plans, specifications, and cost estimates for the Highway 17 Wildlife and Trail Crossing Project.
- \$26.75 million to WCB (Prop 68), including \$2.75 million for wildlife and fish passage.
- \$10 million for the State Coastal Conservancy for beaches, bays, wetlands, and coastal watersheds.
- \$1.6 million for the State Coastal Conservancy for acquisition projects.
- \$3.4 million to the San Francisco Bay Area Conservancy Program.
- \$730.7 million for a water and drought resilience package, contingent upon future legislation.
- \$440 million for a climate resilience package, contingent upon future legislation. This is part of a total of \$3.675 billion General Fund over three-years.

#### ***Wildfire Funding:***

The Budget Bill Junior appropriates \$258 million general fund and \$75 million Greenhouse Gas Reduction Fund (GGRF) in FY 2021-22 and \$500 million general fund in 2022-23 for the Wildfire Prevention and Resilience Package. The details of the Wildfire Prevention and Resilience Package are to be finalized in an agreement among the Senate, Assembly and the Governor.

Another \$125 million is also being appropriated for the GGRF in 2021-22 as part of the Cap-and-Trade Spending Plan, which will be finalized later this summer.

In addition to the \$1 billion wildfire prevention and resilience in AB 128, Governor Newsom signed SB 85, a \$536 million wildfire package, earlier this year as part of his early action funding. This enables the state to take urgent action on projects that support wildfire suppression, improve forest health and build resilience in communities.

**Natural Resource Bonds:**

The Assembly and the Senate introduced bonds which, if passed by the Legislature, would be on the 2022 ballot. When it was announced that there was a budget surplus, the conversation shifted from a state bond to maximizing the surplus for environmental investments.

- **AB 1500 (E. Garcia) Safe Drinking Water, Wildfire Prevention, Drought Preparation, Flood Protection, Extreme Heat Mitigation, and Workforce Development Bond Act of 2022**

AB 1500 is a legislatively-introduced bond that would allocate \$7,080,000,000 for projects that address safe drinking water, wildfire prevention, drought preparation, flood protection, extreme heat mitigation, and workforce development programs.

**District Position:** Support if Amended. The primary requested amendments include increased funding for the State Coastal Conservancy, in particular the San Francisco Bay Program, increased funding for the Wildlife Conservation Board and the use of “under-resourced communities” instead of “disadvantaged communities” when prioritizing certain funding sources.

**Status:** The bill has been referred to Assembly Rules which will allow the Speaker to take up the bill on his own timeline.

- **SB 45 (Portantino) Wildfire Prevention, Safe Drinking Water, Drought Preparation, and Flood Protection Bond Act of 2022.**

SB 45 is a legislatively-introduced bond that would allocate \$5,595,000,000 for projects that address wildfire prevention, safe drinking water, drought preparation, and flood protection program.

**District Position:** Support if Amended. The primary requested amendments include increased funding for the State Coastal Conservancy, in particular the San Francisco Bay Program, increased funding for the Wildlife Conservation Board and the use of “under-resourced communities” instead of “disadvantaged communities” when prioritizing certain funding sources.

**Status:** The bill has been moved to the inactive file.

**Priority 1 Legislation:**

- **SB 790 (Stern) Wildlife connectivity mitigation credits**

This bill creates a new compensatory mitigation credit program at the California Department of Fish and Wildlife for projects conducted by the State Department of Transportation that improve wildlife connectivity, among other environmental improvements.

**District Position:** Sponsor

**Status:** Will be heard on July 1 in the Assembly Water, Parks, and Wildlife Committee and on July 5 in the Assembly Transportation Committee.

- **AB 959 (Mullin) Park districts: ordinances: nuisances: abatement**

This bill authorizes specified regional park and open-space districts to adopt ordinances for the purposes of abating nuisances.

**District Position:** Sponsor

**Status:** Will be heard on July 1 in the Senate Governance and Finance Committee.

- **AB 1255 (Bloom) Fire prevention: fire risk reduction guidance: local assistance grants**

Requires, on or before July 1, 2023, the Natural Resources Agency, in collaboration or consultation with specified state agencies, to develop a guidance document that describes goals, approaches, opportunities, and best practices in each region of the state for ecologically appropriate, habitat-specific fire risk reduction. Requires specified consultation with counties related to the Department of Forestry and Fire Protection's local fire prevention grant program.

The District took a support if amended position on the bill and requested language be included to prioritize ecologically sensitive vegetation management. The bill became a 2-year bill and EEC plans to work on amendments with Assemblyman Bloom's office in the fall.

**District Position:** Support if amended

**Status:** 2-year bill

**Vegetation Management:**

The District has been talking with CalFire and legislators in an effort to popularize the concept of ecologically sensitive vegetation management (ESVM) and has been trying to get ESVM provisions amended into relevant legislation this year, including Assemblyman Bloom's AB 1255 and Senator Laird's SB 456. AB 1255 became a 2-year bill and we look forward to working with his office again in the fall.

The District included ESVM in their April advocacy day agenda and EEC is following up with several legislators to continue the conversations.

**Under-Resourced Communities:**

The District worked primarily with Assemblymember Mullin to coordinate a signed support letter from the Bay Area Caucus in support of the under-resourced community (URC) definition. The definition was included in the Assembly's bond, AB 1500 (E. Garcia), but was not included in the Senate's SB 45. Senator Cortese's office is also requesting the inclusion of URC in all relevant legislation that comes through their office.

This topic was included in the District's April Legislative Advocacy Day discussions and EEC is continuing these conversations with Assemblyman Mullin, Assemblyman Stone, Assemblyman Wood, Senator Cortese, and Senator Skinner.

**Equitable Access:**

District representatives have been participating in the statewide Community Access Coalition. This coalition aims to tackle the issue of equitable access through policy and funding. Currently,

the Coalition is supporting SB 624 (Hueso) that would establish the Environmental Equity and Outdoor Access Act, which sets forth the state's commitment to meaningful access to cultural and natural resources.

The Coalition has also worked with Assemblywoman Carrillo to submit a budget request for \$200M to support and expand the breadth, scope, and eligibility of the Youth Community Access Grant Program, and is working with Senator Limon's office to request community access investments in an upcoming trailer bill.

### **Federal Update:**

#### **Status of the Surface Transportation Reauthorization Legislation**

Senate: On May 26, the Senate Environment and Public Works Committee unanimously approved the "Surface Transportation Reauthorization Act of 2021," [S.1931](#), and the bill will move to the Senate floor. There are a few provisions related to the wildlife crossings included in the legislation:

- **Section 1109:** This section adds new eligibilities to the Surface Transportation Block Grant Program, including construction of wildlife crossing structures, electric vehicle charging infrastructure and vehicle-to-grid infrastructure, installation and deployment of intelligent transportation technologies, projects that facilitate intermodal connections between emerging transportation technology, resilience features, cybersecurity protections, among others.
- **Section 1123:** This section establishes a wildlife crossing pilot program to be funded at \$350 million over five years to provide grants for projects designed to reduce wildlife-vehicle collisions and improve habitat connectivity. Eligible entities include a state highway agency, metropolitan planning organization, local governments, regional transportation authorities, special purpose districts with a transportation function, federal land management agencies, and Indian tribes.
  - Under this legislation, the District would have to apply through a regional transportation authority for this funding. The District is currently in discussions with Valley Transportation Authority about potential partnership opportunities.

House: On June 10, the House Transportation and Infrastructure Committee approved the "Investing in a New Vision for the Environment and Surface Transportation (INVEST) in America Act," [H.R. 3684](#), by a vote of 38 to 26 after 19 hours of debate. The bill provides \$547 billion to help meet President Biden's American Jobs Plan. The wildlife crossings provisions of the bill include:

- **Section 1310:** This section establishes a competitive wildlife crossings grant program to be funded at \$100 million for each of fiscal years 2023 through 2026 to provide grants for projects that seek to reduce the number of wildlife-vehicle collisions, and improve habitat connectivity for terrestrial and aquatic species. Eligible entities include a state, Indian tribe or tribal organization, territories, and federal land management agencies.
  - Under the House legislation, the District would have to apply through the state distribution of this funding.

Chairman of the House Transportation and Infrastructure Committee Rep. Pete DeFazio (D-OR) is hoping to bring the final package to the House floor for a vote by the end of June. After both bills pass in their respective chambers, the two bills are expected to conference to reconcile any

discrepancies. The bill will likely go past the current “Fixing America’s Surface Transportation (FAST) Act” expiration on September 30 and be finalized later in the fall.

#### **Other Legislation of Interest:**

San Francisco Bay Restoration Act (H.R. 610) – Rep. Jackie Speier (D-CA)-14: This legislation would authorize \$25 million per year for five years for San Francisco Bay restoration efforts and establish a San Francisco Bay Program Office within the U.S. Environmental Protection Agency. H.R. 610 was passed in the House on June 15 and was referred to the Senate for consideration within the Senate Committee on Environment and Public Works. *The District has submitted a letter support for this legislation to the bill sponsor, Rep. Jackie Speier.*

Wildfire Emergency Act (S. 1855) – Sen. Dianne Feinstein (D-CA): This legislation would reduce the risk of wildfire, assist critical facilities in energy efficiency, and establish Prescribed Fire Centers. Of importance is the \$250 million authorization for over 5 years for up to 20 Forest Service projects of 100,000 acres or greater to restore forests and reduce the risk of uncharacteristic wildfire. The bill would authorize the Forest Service to enter into conservation finance agreements to leverage non-federal matching funds to implement 100,000-acre projects. The legislation also authorizes a new workforce development program to assist in developing a career-training pipeline for forest and fire management workers and authorizes \$50 million for capacity building for disadvantaged communities to plan and collaborate on forest restoration projects.

Transit to Trails Act (H.R. 2924/S. 1461) – Rep. Jimmy Gomez (D-CA-34)/Sen. Cory Booker (D-NJ): This legislation creates a grant program to fund projects that make transportation to green spaces and public lands more accessible for critically underserved communities. The legislation would create the “Transit to Trails Grant Program” within the U.S. Department of Transportation to develop transportation connectors or routes in or serving critically underserved communities to increase access and mobility to federal and non-federal public land, inland and coastal waters, parkland and monuments; and create or significantly enhance access to federal or non-federal public land and recreational opportunities in an urban or rural areas. The legislation provides \$10,000,000 (for the first and second fiscal years) for an annual solicitation for the submission of project proposals for grants no less than \$25,000 and not more than \$500,000. The total funding for the program would increase to \$20,000,000 for the third and fourth fiscal year and \$40,000,000 for the fifth fiscal year. Open space districts are eligible for funding.

#### **Land and Water Conservation Fund (LWCF) Eligibility Concerns**

The District and TFG have met with U.S. National Park Service staff to express concerns regarding the 6(f)(3) boundary map requirement and grazing restrictions of the Land and Water Conservation Fund (LWCF). Through our discussions we have confirmed that while the issues may arise, they are largely project dependent. Based on this feedback, we will continue communication with the federal and state LWCF staff as projects are developed to better understand their viability for LWCF funding. In addition, we are reviewing potential opportunities to address these issues through the regulations that guide the administration of the LWCF.

**Priority Bill Status as of June 25, 2021**

Measure	Author	Topic	Focus Area	Goal	Status	Brief Summary	Position	Priority
<a href="#">AB 11</a>	<a href="#">Ward D</a>	Climate change: regional climate change authorities.	Climate	Protect the positive environmental values of open space lands	2-Year bill. May be heard in January 2022	Would require the Strategic Growth Council, by January 1, 2023, to establish up to 12 regional climate change authorities to coordinate climate adaptation and mitigation activities in their regions, and coordinate with other regional climate adaptation authorities, state agencies, and other relevant stakeholders.	Support	2
<a href="#">AB 51</a>	<a href="#">Quirk D</a>	Climate change: adaptation: regional climate adaptation planning groups: regional climate adaptation plans.	Climate	Protect the positive environmental values of open space lands	2-Year bill. May be heard in January 2022	Would require the Strategic Growth Council, by July 1, 2022, to establish guidelines for the formation of regional climate adaptation planning groups. The bill would require the council, by July 1, 2023, and in consultation with certain state entities, to develop criteria for the development of regional climate adaptation plans.	Support	2
<a href="#">AB 284</a>	<a href="#">Rivas, Robert D</a>	California Global Warming Solutions Act of 2006: climate goal: natural and working lands.	Climate	Protect the positive environmental values of open space lands	Awaiting next Senate committee	The California Global Warming Solutions Act of 2006 requires the State Air Resources Board to prepare and approve a scoping plan for achieving the maximum technologically feasible and cost-effective reductions in greenhouse gas emissions and to update the scoping plan at least once every 5 years. This bill would require the state board, when updating the scoping plan and in collaboration with the Natural Resources Agency and other relevant state agencies and departments, to take specified actions by January 1, 2023, including, among others, identifying a 2045 climate goal, with interim milestones, for the state's natural and working lands, as defined, and identifying practices, policy and financial incentives, market needs, and potential reductions in barriers that would help achieve the 2045 climate goal.	Support	2
<a href="#">AB 897</a>	<a href="#">Mullin D</a>	Office of Planning and Research: regional climate networks: climate adaptation action plans.	Climate	Protect the positive environmental values of open space lands	Awaiting next Senate committee	Current law requires, by July 1, 2017, and every 3 years thereafter, the Natural Resources Agency to update, as prescribed, the state's climate adaptation strategy, known as the Safeguarding California Plan. Current law establishes the Office of Planning and Research in state government in the Governor's office. Current law establishes the Integrated Climate Adaptation and Resiliency Program to be administered by the office to coordinate regional and local efforts with state climate adaptation strategies to adapt to the impacts of climate change, as prescribed. This bill would authorize eligible entities, as defined, to establish and participate in a regional climate network, as defined. The bill would require the office to encourage the inclusion of agencies with land use planning authority into regional climate networks. The bill would authorize a regional climate network to engage in activities to address climate change, as specified.	Support	2
<a href="#">AB 1384</a>	<a href="#">Gabriel D</a>	Resiliency Through Adaptation, Economic Vitality, and Equity Act of 2022.	Climate	Protect the positive environmental values of open space lands	Awaiting next Senate committee	Would require the Strategic Growth Council to develop and coordinate a strategic resiliency framework that makes recommendations and identifies actions that are necessary to prepare the state for the most significant climate change impacts modeled for 2025, 2050, and beyond, among other goals. The bill would require state agencies identified in the strategic resiliency framework to collaboratively engage with regional entities to enhance policy and funding coordination and promote regional solutions and implementation and to proactively engage vulnerable communities whose planning and project development efforts have been disproportionately impacted by climate change, as provided. The bill would authorize the Treasurer, and the financing authorities that the Treasurer chairs, to assist state agencies by leveraging public and private capital investment to help with loans and other incentives to attain the goals identified in the strategic resiliency framework.	Support	2
<a href="#">AB 1500</a>	<a href="#">Garcia, Eduardo D</a>	Safe Drinking Water, Wildfire Prevention, Drought Preparation, Flood Protection, Extreme Heat Mitigation, and Workforce Development Bond Act of 2022.	Climate	Protect the positive environmental values of open space lands	Awaiting next Assembly committee. Constitutional amendment. May be heard at any time.	Would enact the Safe Drinking Water, Wildfire Prevention, Drought Preparation, Flood Protection, Extreme Heat Mitigation, and Workforce Development Bond Act of 2022, which, if approved by the voters, would authorize the issuance of bonds in the amount of \$7,080,000,000 pursuant to the State General Obligation Bond Law to finance projects for safe drinking water, wildfire prevention, drought preparation, flood protection, extreme heat mitigation, and workforce development programs.	Support If Amended	1

Measure	Author	Topic	Focus Area	Goal	Status	Brief Summary	Position	Priority
<a href="#">SB 45</a>	<a href="#">Portantino D</a>	Wildfire Prevention, Safe Drinking Water, Drought Preparation, and Flood Protection Bond Act of 2022.	Climate	Protect the positive environmental values of open space lands	Ordered to inactive. Constitutional amendment. May be heard at any time.	Would enact the Wildfire Prevention, Safe Drinking Water, Drought Preparation, and Flood Protection Bond Act of 2022, which, if approved by the voters, would authorize the issuance of bonds in the amount of \$5,595,000,000 pursuant to the State General Obligation Bond Law to finance projects for a wildfire prevention, safe drinking water, drought preparation, and flood protection program.	Support If Amended	1
<a href="#">AB 30</a>	<a href="#">Kalra D</a>	Outdoor access to nature: environmental equity.	Equity	Connect people to open space and a regional environmental protection vision	2-Year bill. May be heard in January 2022	Current law establishes various state agencies, including the Natural Resources Agency, which consists of various departments, including the Department of Conservation, the Department of Fish and Wildlife, and the Department of Parks and Recreation. Current law vests in the Natural Resources Agency various powers, including those related to conservation of lands. Current law establishes, within state agencies, state departments, including the Department of Transportation under the Transportation Agency. This bill would declare that it is the established policy of the state that access to nature and access to the benefits of nature is a human right and that every human has the right to safe and affordable outdoor access, among other things.	Support	2
<a href="#">SB 604</a>	<a href="#">Hueso D</a>	Natural resources: the Nature and Parks Career Pathway and Community Resiliency and Equity Act of 2021.	Equity	Connect people to open space and a regional environmental protection vision	2-Year bill. May be heard in January 2022	Current law establishes various environmental and economic policies and programs. This bill, upon appropriation by the Legislature, as provided, would establish the Nature and Parks Career Pathway and Community Resiliency and Equity Act of 2021, which would require state conservancies and the Wildlife Conservation Board to establish grant programs to fund climate mitigation, adaptation, or resilience, natural disaster, and other climate emergency projects, as specified.	Support/Coalition	2
<a href="#">SB 624</a>	<a href="#">Hueso D</a>	Environmental Equity and Outdoor Access Act.	Equity	Connect people to open space and a regional environmental protection vision	Awaiting Assembly Appropriations Committee hearing	Would establish the Environmental Equity and Outdoor Access Act, which sets forth the state's commitment to ensuring all Californians can benefit from, and have meaningful access to, the state's rich cultural and natural resources. The bill would make related findings and declarations regarding the importance of the state's natural resources and ensuring equal access to those resources. The bill would provide that the Legislature finds and declares that it is the policy of the state to, among other things, promote inclusivity and representation and improve competency, as specified, among staff of the agency and each department, board, office, conservancy, and commission within the agency, to ensure all Californians and visitors of the state feel safe and welcome in the outdoors.	Support/Coalition	2
<a href="#">AB 271</a>	<a href="#">Rivas, Robert D</a>	Santa Clara Valley Water District: contracts: best value procurement.	Governance	Strengthen organizational capacity and long-term financial sustainability to fulfill the mission	Awaiting Governor's signature	Current law authorizes certain local entities to select a bidder for a contract on the basis of "best value," as defined. Existing law governs various types of contract procedures applicable to the Santa Clara Valley Water District and prescribes competitive bidding procedures for any improvement or unit of work over \$50,000. This bill would authorize the district, upon approval by the board of directors of the district, to award contracts on a best value basis for any work of the Anderson Dam project, defined to include prescribed activities and works of construction with regard to the Leroy Anderson Dam and Reservoir and certain fish and aquatic habitat measures described in a federal-state settlement agreement.	Support	2
<a href="#">AB 361</a>	<a href="#">Rivas, Robert D</a>	Open meetings: local agencies: teleconferences.	Governance	Strengthen organizational capacity and long-term financial sustainability to fulfill the mission	Awaiting next Senate committee	Would authorize a local agency to use teleconferencing without complying with the teleconferencing requirements imposed by the Ralph M. Brown Act when a legislative body of a local agency holds a meeting for the purpose of declaring or ratifying a local emergency, during a declared state of emergency or local emergency, as those terms are defined, when state or local health officials have imposed or recommended measures to promote social distancing, and during a declared local emergency provided the legislative body determines, by majority vote, that meeting in person would present imminent risks to the health or safety of attendees.	Support	2

Measure	Author	Topic	Focus Area	Goal	Status	Brief Summary	Position	Priority
<a href="#">AB 959</a>	<a href="#">Mullin D</a>	Park districts: ordinances: nuisances: abatement.	Governance	Strengthen organizational capacity and long-term financial sustainability to fulfill the mission	Will be heard on July 1 in the Senate Governance and Finance Committee.	Current law prescribes procedures, including the election of a board of directors, for the formation of regional park districts, regional park and open-space districts, or regional open-space districts. Current law authorizes a city legislative body to declare what constitutes a nuisance. Current law authorizes the legislative body of a city, county, or city and county to provide for the summary abatement of any nuisance resulting from the defacement of the property of another by graffiti or other inscribed material, at the expense of the minor or other person creating, causing, or committing the nuisance, and, by ordinance, authorizes the legislative body to make the expense of abatement of the nuisance a lien against property of the minor or other person and a personal obligation against the minor or other person. This bill would authorize the board of directors of a district to declare what constitutes a nuisance, as provided. The bill would, among other things, authorize a district to exercise the authority granted to a city, as described above, for purposes of abating a nuisance, as provided.	Sponsor/Support	1
<a href="#">ACA 1</a>	<a href="#">Aguiar-Curry D</a>	Local government financing: affordable housing and public infrastructure: voter approval.	Governance	Strengthen organizational capacity and long-term financial sustainability to fulfill the mission	Constitutional amendment. May be heard at any time.	The California Constitution prohibits the ad valorem tax rate on real property from exceeding 1% of the full cash value of the property, subject to certain exceptions. This measure would create an additional exception to the 1% limit that would authorize a city, county, city and county, or special district to levy an ad valorem tax to service bonded indebtedness incurred to fund the construction, reconstruction, rehabilitation, or replacement of public infrastructure, affordable housing, or permanent supportive housing, or the acquisition or lease of real property for those purposes, if the proposition proposing that tax is approved by 55% of the voters of the city, county, or city and county, as applicable, and the proposition includes specified accountability requirements.	Support	2
<a href="#">ACR 17</a>	<a href="#">Voepel R</a>	Special Districts Week.	Governance	Strengthen organizational capacity and long-term financial sustainability to fulfill the mission	Awaiting Governor's signature	This measure proclaims the week of May 16, 2021, to May 22, 2021, to be Special Districts Week.	Support	2
<a href="#">AB 223</a>	<a href="#">Ward D</a>	Wildlife: dudleya: taking and possession.	Stewardship	Protect the positive environmental values of open space lands	Awaiting next Senate committee	Would make it unlawful to uproot, remove, harvest, or cut dudleya, as defined, from land owned by the state or a local government or from property not their own without written permission from the landowner in their immediate possession, except as provided, and would make it unlawful to sell, offer for sale, possess with intent to sell, transport for sale, export for sale, or purchase dudleya uprooted, removed, harvested, or cut in violation of that provision. The bill would require a violation of those provisions, or any rule, regulation, or order adopted pursuant to those provisions, to be a misdemeanor punishable by a specified fine, imprisonment in a county jail for not more than 6 months, or both the fine and imprisonment.	Support	2
<a href="#">AB 315</a>	<a href="#">Stone D</a>	Voluntary stream restoration property owner liability: indemnification.	Stewardship	Protect the positive environmental values of open space lands	Awaiting next Senate committee	Current law authorizes a habitat restoration or enhancement project proponent to submit a written request for approval of the project to the Director of Fish and Wildlife. Current law requires the director to approve the project if the written request includes certain information, as specified, and provides for an alternate authorization process by the State Water Resources Control Board. This bill would require the state to indemnify and hold harmless a property owner who voluntarily allows their property to be used for such a project to restore fish and wildlife habitat from civil liability for property damage or personal injury resulting from the project if the project meets specified requirements, including that the project is funded, at least in part, by a state or federal agency whose mission includes restoring habitat for native fish and wildlife, and the liability arises from, and the property owner or any person or entity retained by the property owner does not perform, the construction, design specifications, surveying, planning, supervision, testing, or observation of construction related to the project to restore fish and wildlife habitat.	Support	2
<a href="#">AB 379</a>	<a href="#">Gallagher R</a>	Wildlife conservation: conservation lands.	Stewardship	Protect the positive environmental values of open space lands	Awaiting next Senate committee	Current law requires the Wildlife Conservation Board in the Department of Fish and Wildlife to authorize the acquisition of real property, rights in real property, water, or water rights, as specified. Existing law authorizes the board to authorize the department to, among other things, accept federal grants and receive financial support from public or private sources, lease degraded potential wildlife habitat real property to nonprofit organizations, local governmental agencies, or state and federal agencies, and acquire former wildlife habitat real property and restore and sell the real property to private owners, local governmental agencies, or state departments and agencies. This bill would also authorize the board to grant funds to, and enter into agreements, loans, or contracts with, a California Native American tribe to the same extent as any public or private entity as authorized under specified laws.	Support	2

Measure	Author	Topic	Focus Area	Goal	Status	Brief Summary	Position	Priority
<a href="#">AB 564</a>	<a href="#">Gonzalez, Lorena D</a>	Biodiversity Protection and Restoration Act.	Stewardship	Protect the positive environmental values of open space lands	2-Year bill. May be heard in January 2022	Would establish the Biodiversity Protection and Restoration Act and would provide that it is the policy of the state that all state agencies, boards, and commissions shall utilize their authorities in furtherance of the biodiversity conservation purposes and goals of certain executive orders. The bill would require all state agencies, boards, and commissions to consider and prioritize the protection of biodiversity in carrying out their statutory mandates. The bill would require strategies related to the goal of the state to conserve at least 30% of California's land and coastal waters by 2030 to be made available to the public and provided to certain legislative committees by no later than June 30, 2022.	Support	2
<a href="#">AB 567</a>	<a href="#">Bauer-Kahan D</a>	Pesticides: neonicotinoids: prohibited use.	Stewardship	Protect the positive environmental values of open space lands	2-Year bill. May be heard in January 2022	Current law generally regulates pesticide use by the Department of Pesticide Regulation, and requires the Director of Pesticide Regulation to endeavor to eliminate from use any pesticide that endangers the agricultural or nonagricultural environment. A violation of those provisions and regulations adopted pursuant to those provisions is generally a misdemeanor. Current law requires the department, on or before July 1, 2018, to issue a determination with respect to its reevaluation of neonicotinoids, and to adopt control measures necessary to protect pollinator health within 2 years, as specified. This bill would prohibit the use of a neonicotinoid on a seed, as specified.	Support	2
<a href="#">AB 697</a>	<a href="#">Chau D</a>	Forest resources: national forest lands: Good Neighbor Authority Fund: ecological restoration and fire resiliency projects.	Stewardship	Protect the positive environmental values of open space lands	Awaiting next Senate committee	Would reorganize the law relating to the State Treasury the Good Neighbor Authority Fund. The bill would require the Secretary of the Natural Resources Agency, under an agreement between the state and the federal government, to establish a program for purposes of conducting ecological restoration and fire resiliency projects on national forest lands, with priority given to forest restoration and fuels reduction projects that are landscape scale, focused on ecological restoration and based on the best available science, emphasize the use of prescribed fire, and include community fire protection and protection of water infrastructure and other infrastructure as important goals, as provided.	Support	3
<a href="#">AB 908</a>	<a href="#">Frazier D</a>	Natural Resources Agency: statewide natural resources inventory.	Stewardship	Protect the positive environmental values of open space lands	2-Year bill. May be heard in January 2022	Would require the Natural Resources Agency, to the extent a specified appropriation is made, to prepare a comprehensive, statewide inventory of the natural resources of the state and establish treatment measures necessary to protect those resources, and to post its initial inventory on its internet website on or before January 1, 2023, with annual updates on or before January 1 of each year thereafter.	Support	2
<a href="#">SB 322</a>	<a href="#">Laird D</a>	Grazing land: California Conservation Ranching Incentive Program.	Stewardship	Protect the positive environmental values of open space lands	2-Year bill. May be heard in January 2022	Would establish the California Conservation Ranching Incentive Program as a separate component of the California Farmland Conservancy Program. The bill would authorize the Director of Conservation, to subject to appropriation, enter into contracts for an initial term of 3 years with nonpublic entities that are owners of record or lessees of productive rangelands, grazing lands, or grasslands that are determined by the director to be important for the conservation of grassland birds, soil health, and biodiversity. The bill would require these contracts to include an agreement by the owner and any lessee to restore, enhance, and protect the grassland habitat character of the land subject to the contract and to require the Department of Conservation to pay a specified amount to the owner or lessee for undertaking conservation obligations under the contract.	Support	2
<a href="#">AB 297</a>	<a href="#">Gallagher R</a>	Fire prevention.	Wildfire	Protect the positive environmental values of open space lands	Awaiting next Senate committee	Would continuously appropriate \$480,000,000 and \$20,000,000 to the Department of Forestry and Fire Prevention and the California Conservation Corps, respectively, for fire prevention activities, as provided.	Support	
<a href="#">AB 926</a>	<a href="#">Mathis R</a>	Fire prevention: local assistance grant program: projects: report.	Wildfire	Protect the positive environmental values of open space lands	2-Year bill. May be heard in January 2022	Current law requires the Department of Forestry and Fire Protection to establish a local assistance grant program for fire prevention activities, as defined, in the state. This bill would expand the definition of "fire prevention activities" to include the removal of hazardous dead trees, creation of fuel breaks and community defensible spaces, and creation of ingress and egress corridors. The bill would also require the department to prioritize projects that have a completed, or nearly completed, environmental review document, as provided. The bill would authorize the department to consider and evaluate the wildfire risk within the proposed project area, as well as the socioeconomic characteristics of communities that the various education and mitigation projects are intended to protect, when awarding local assistance grants.	Support	2
<a href="#">AB 1255</a>	<a href="#">Bloom D</a>	Fire prevention: fire risk reduction guidance: local assistance grants.	Wildfire	Protect the positive environmental values of open space lands	2-Year bill. May be heard in January 2022	Would require the Natural Resources Agency, on or before July 1, 2023, and in collaboration with specified state agencies and in consultation with certain other state agencies, to develop a guidance document that describes goals, approaches, opportunities, and best practices in each region of the state for ecologically appropriate, habitat-specific fire risk reduction. The bill would require the guidance document to be developed through a public process, including region-specific public workshops hosted by the agency, and would require the agency to post the document on its internet website.	Support if Amended	1

Measure	Author	Topic	Focus Area	Goal	Status	Brief Summary	Position	Priority
<a href="#">SB 12</a>	<a href="#">McGuire D</a>	Local government: planning and zoning: wildfires.	Wildfire	Protect the positive environmental values of open space lands	Awaiting next Assembly committee	Current law requires that the Office of Planning and Research, among other things, coordinate with appropriate entities, including state, regional, or local agencies, to establish a clearinghouse for climate adaptation information for use by state, regional, and local entities, as provided. This bill would require the safety element, upon the next revision of the housing element or the hazard mitigation plan, on or after July 1, 2024, whichever occurs first, to be reviewed and updated as necessary to include a comprehensive retrofit strategy to reduce the risk of property loss and damage during wildfires, as specified, and would require the planning agency to submit the adopted strategy to the Office of Planning and Research for inclusion into the above-described clearinghouse.	Support	2
<a href="#">AB 1189</a>	<a href="#">Bloom D</a>	Transportation: indirect cost recovery: wildlife crossing projects.	Wildlife Crossings	Protect the positive environmental values of open space lands	2-Year bill. May be heard in January 2022	Would, on and before June 30, 2024, prohibit the Department of Transportation from charging for administration indirect cost recovery, as outlined in the department's Indirect Cost Recovery Proposal, for any wildlife crossing project that receives private funding for more than 50% of the project cost, and would require the department to charge these projects for functional overhead. The bill would require the department to report, on or before July 1, 2024, to the Legislature on the amount of private funding invested in wildlife crossing projects for the 2020–21, 2021–22, 2022–23, and 2023–24 fiscal years.	Support	2
<a href="#">SB 790</a>	<a href="#">Stern D</a>	Wildlife connectivity mitigation credits.	Wildlife Crossings	Protect the positive environmental values of open space lands	Will be heard on July 1 in the Assembly Water, Parks, and Wildlife Committee and on July 5 in the Assembly Transportation Committee.	Current law vests the Department of Fish and Wildlife (DFW) with jurisdiction over the conservation, protection, and management of fish, wildlife, native plants, and habitat necessary for biologically sustainable populations of those species. Current law vests the Department of Transportation (Caltrans) with full possession and control of the state highway system. This bill would require DFW, in consultation with Caltrans, to provide compensatory mitigation credits to support modifications and planning of projects on the state highway system that improve local and regional habitat connectivity and result in fish passage, wildlife connectivity, and other environmental improvements.	Sponsor/Support	1
