

Working Group Workflow and Town Ad Hoc Committee Involvement and Input Opportunities

Town Ad Hoc Committee meetings would be scheduled after the Midpen Project Team has presented to Midpen's Planning and Natural Resources Committee (PNR), which is a board committee of the Midpen Board of Directors. All Board and Board Committee meetings are subject to the Brown Act and publicly noticed, such that members of the community can attend. While Town Committee members and Town Ad Hoc Committee members are welcome to attend PAWG, PNR and Board meetings and provide comment, formal presentations to the Town Ad Hoc Committee would follow presentations to the PNR and/or Board, and feedback received at Town Ad Hoc Committee meetings will be provided to the PNR and Board during their subsequent meetings for further consideration.

Town Ad Hoc Committee Engagement & Public Input

Member attendance & input to PAWG during meetings

Town Ad Hoc Committee members can attend and provide feedback to the PAWG at any of their meetings, which are open to the public. They are encouraged to self-identify as members of the Town Ad Hoc Committee.

Member attendance & input to PNR during meetings
