Midpeninsula Regional
Open Space District

R-12-45
Meeting 12-15
April 25, 2012

## AGENDA ITEM 5

## AGENDA ITEM

Implementation of the District's Classification and Compensation Study Compensation Adjustments for Non-Represented Staff

## GENERAL MANAGER'S RECOMMENDATION

Approve the implementation of the District's Classification and Compensation Study compensation adjustments for non-represented staff effective April 2, 2012, and adopt the revised Fiscal Year 2012-13 Classification and Compensation Plan (Attachment B).

## SUMMARY

At the December 14, 2011 Regular Board Meeting, the Board of Directors (Board) reviewed and accepted the District's Classification and Compensation Study Report prepared by Koff \& Associates. The Board directed the General Manager to implement the changes to classification titles and job descriptions immediately and to evaluate implementation of the compensation impacts during the Fiscal Year 2012-13 (FY2012-13) budget development process and return to the Board with recommendations. This report recommends implementation of the compensation adjustments for non-represented employees effective April 2, 2012. For represented staff, implementation is subject to meet and confer and will be discussed as part of labor negotiations.

## DISCUSSION

The District Board reviewed the Classification and Compensation Study Report (Study) and recommendations prepared by Koff \& Associates (Consultant) at a Board Study Session on July 13, 2011 (Report R-11-67) and again at a second Study Session held on September 13, 2011 (Report R-11-95). On December 14, 2011 (R-11-115), the Board accepted the Consultant's report and approved implementation of the Study recommendations. The Board directed the General Manager to implement the changes to classification titles and job descriptions immediately and to evaluate implementation of the compensation recommendations as part of the FY2012-13 budget development process and return to the Board with recommendations.

During the budget development process, it was determined that the cost to implement the compensation recommendations District-wide totaled approximately $\$ 110,000$ (includes both salaries and benefits) for FY2012-13. This implementation methodology would place employees in their new salary range at their current salary or the closest step above it.

After further analysis, a revised implementation methodology has been identified and determined to be financially feasible. This methodology would place employees in the new salary range at the same step as their current salary range (as opposed to the same salary). Under this methodology, employees’ salary increases into the new range would be linked to the percentage their position is below market; e.g., the farther below the median the position is, the larger the salary increase. The table below shows the correlation of steps between the current 6 -step schedule and the new 10 -step schedule.

Table 1:
Salary Schedule Comparison

|  |  |
| :--- | :--- |
| Current 6-Step Schedule | New 10-Step Schedule |
| Step 1 | Step 1 |
|  | Step 2 |
| Step 2 | Step 3 |
|  | Step 4 |
| Step 3 | Step 5 |
|  | Step 6 |
| Step 4 | Step 7 |
| Step 5 | Step 8 |
| Step 6 | Step 9 |

The total cost of this implementation methodology is $\$ 308,465$ in salaries and it can be implemented in one year or over several. More detail on the cost impacts of the one, two, and three year implementation strategies can be found in Attachment A.

For represented employees, implementation of the compensation impacts is subject to meet and confer with the Field Employees Association (FEA) as it represents a potential impact to future wages. As such, it is being addressed through labor contract negotiations.

For non-represented employees, it is recommended that the compensation adjustments be implemented, using the two-year strategy, retroactive to April 2, 2012, the first pay period in FY2012-13. All employees currently receiving Longevity Pay will be grandfathered in so that they will continue to receive the one time per year additional 1\% pay. Employees will retain their original anniversary dates and will be eligible for a merit step increase of $5 \%$ based on their performance evaluation, and if they are not already at top step.

## FISCAL IMPACT

A portion of the implementation costs $(\$ 110,000)$ was included in the FY2012-13 Annual Budget adopted by the Board on March 28, 2012 (R-12-39). The remaining balance is projected to be covered by salary and benefit savings from vacant positions.

## BOARD COMMITTEE REVIEW

This report was discussed by the Administration and Budget Committee on May 14, 2012.

## PUBLIC NOTICE

Public notice was provided as required by the Brown Act. No additional notice is required.

## CEQA COMPLIANCE

No compliance is required as this action is not a project under the California Environmental Quality Act (CEQA).

## NEXT STEPS

If the Board approves this report, non-represented employees will be placed in the salary range recommended in the Study and, if applicable, will have their salary adjusted accordingly.

| Annual Cost | 180,000 | 136,000 | 65,000 | 0 | 0 |

## Notes

1. No COLAs are modeled into any of the 5 years.
2. No new position additions are included in years 2 through 5 .
3. PERS Assumption - District covers $6 \%$ of employee's portion for years 1 through 5 .
4. $10 \%$ health insurance premium increases assumed in years 2 through 5 (no employee cost-sharing).
5. $Y$-rated employees will not have their salaries reduced and will receive an increase when the range hits their current salary.
